

I wish to advise the FCC that most of the citezens of the State of New Jersey DO NOT WANT telemarketing calls. We are bothered during dinner and other inconvenient times, incessently by these telemarketers. If we want services that they may provide, we want to be the ones to LOOK for same, not have it forced "down our throats" so to speak. The citezens of New Jersey DO NOT WANT the Telephone Consumer Protection Act (Docket -02-278) "weakened" or changed in any way. These calls are troublesome, inconvenient and are received incessently. I am asking that this Act not be changed or amended in any way.

Thank you for your anticipated cooperation in regard to this matter.
